

...WE BUILD STRUCTURES AND RELATIONSHIPS TO LAST...

#1 Repeat Customer!
Hey, you work out?

Hilbers Inc. has a long standing relationship with New Evolution Ventures (NeV), based in Lafayette, CA, arguably the client we've completed the most structures for over the past 9 years. Formed in 2008, Mike Feeny and partners have repeatedly

sought us out for their nation-wide reach of the Crunch Fitness and UFC brands.

From Hawaii to Florida, we've built ground-up gym's, repurposed existing buildings and remodeled current gym's. We've also worked with Steve Block for gym's in the Portland OR area. Adding to our Health and Fitness portfolio is extensive work with 24Hr Fitness, InShape and smaller local gym's. We speak "gym construction"!

A sample of recent project completions...

Hard to keep up with all the project wrap-ups. The projects pictured beside here are accompanied by:

America's Tire in Palo Alto, Buffalo Wild Wings in Citrus Heights, a meditation garden for St. Clare Catholic Church, Stone Ridge Christian School in Merced, work at Sutterville PreSchool in Sacramento, Peet's Coffee in Campbell & Elk Grove, Dollar General in Sutter...and the list goes on.

Whew, exhausting!
